Back-to-back Great Gospel Campaigns in Nigeria

For the final evangelistic push in 2018, CfaN put on two campaigns, only 4 weeks apart, in the cities of **Port Harcourt** and **Owerri** in Nigeria. It was a mighty effort and there were moments when we held our breath, as it seemed we were being attacked on every side. But we serve a faithful God!

Port Harcourt

PRAYER AND SALVATION AT THE GOVERNOR'S MANSION

Straight after arriving in Port Harcourt, Daniel Kolenda and Peter Vandenberg were invited to preach and pray at the home of the Governor of Rivers State. Right there, in front of the media, several people gave their lives to Jesus. The Governor himself invited everyone to attend and that evening, we saw wonderful miracles. The next night, the crowd had nearly doubled, as word spread like wildfire about what God was doing.

The last two days in Port Harcourt were a little taste of heaven on earth. The massive crowd was heaving during praise and worship, led by **Eddie James** from the USA, who also recorded a live worship album from stage.

Eddie James

A police officer testified that he had been severely injured in a bomb blast several years ago which had damaged his spinal cord. On the Saturday night, he was totally healed.

A WORD OF KNOWLEDGE FOR A USELESS ARM

On Saturday night, Daniel had a word of knowledge about someone whose right forearm was fractured. A man came forward who had fallen in a terrible construction accident seven years earlier. Since that time, the bone had not healed and he was unable to use his arm. The deep scar, almost the length of his forearm, was clearly visible, but Jesus healed him completely. He had no pain and did pushups on the platform!

All hands on deck as we pack up. It's 2:50 am and part of the crew is done, the other part of the team does not finish until 5am. Africa is unlike anything else, in every aspect unique - it marks you, it marks your heart. Reflecting on everything God has done over the past week - I realize we live in a new reality. A reality where God pours out His Spirit - abundantly. A reality where God heals his people - mercifully. A reality where God sets the captive free - passionately. He is not a respecter of persons. He doesn't care about your skin color. Instead, His love crosses all borders - just to reach out to you and pour Himself into you. He is looking for dry wood to set on FIRE!

Owerri

MARKED BY MIRACLES

Some people were granted their visas for the second campaign, in Owerri, **at the very last moment**. There was no time to lose, with people jumping on planes and rushing to get to the campaign field in record time.

From the very first night of the campaign, we saw the power of God demonstrated in "signs and wonders". It seemed like there was a special blessing for people suffering from all kinds of tumors, lumps and growths. Each night we heard testimonies of various growths instantly vanishing during prayer. Quite a few women with tumors in their breasts - some very large and painful - felt them disappear without a trace.

THE GOVERNOR CAME TO THE CAMPAIGN MEETING

The state governor, his wife and their entire government entourage attended the campaign and were present throughout the service as Evangelist Daniel Kolenda preached the

Gospel. Afterwards, the governor asked if we would come back again. We clearly have an open door here in Imo State.

TESTIMONIES from Port Harcourt

LIKE A MIGHTY – DUSTY! – WIND

Even though the Harmattan made an appearance – dusty wind from the Sahara Desert that fills the air thickly with tiny particles – the people were not deterred from coming to the campaign, and beneath the eerie red sky, thousands gave their lives to Jesus. We prayed for the people to receive the Holy Spirit en masse and many were gloriously filled. The sound of singing and rejoicing filled the dusty air, a fitting way to end a year that has been tough, rewarding, and most of all, a victory for the Kingdom of God.

“Harvest of souls was massive, miracles all over the place. I witnessed one close to the choir stand where I was, a lady with crutches got her healing while Eddie was leading in praise on Sunday night...”

- Angel

“My life was transformed, I got baptized in the Holy Ghost on the Day 3 of the campaign...”

- Hope

“IT WAS A WOW!! INDEED GOD IS GREAT...I RECEIVED MY HEALING RIGHT THERE. I DON'T KNOW HOW TO EXPRESS THE JOY WITHIN MY SOUL...TO GOD BE ALL THE GLORY.”

- Neriah

“The crowd was quite alarming. I have never seen such in Port Harcourt before. I tell you friends, it was a program one shouldn't have missed ... One remarkable thing that happened is that new converts, who gave their lives to Jesus on Saturday night, came back yesterday being the last day with all charms and those useless pocket gods they were worshiping. You know what? They were all burnt during the campaign. There were wonderful testimonies of great healing of all kinds of sicknesses and diseases. Glory to God!”

- Benjamin

This mother who had been unable to walk properly said that as Eddie James was leading the worship, she felt like she had to get up and dance, and when she did, she was healed. She left her walking stick behind and went home rejoicing.

One young man came to Owerri from another city because of the hospital here, hoping for an operation to remove a growth on his side. But while he was here, a lady told him about the campaign and he decided to come. During the prayer for the sick, the lump vanished completely.

Breaking strongholds in the New Year

"So then faith comes by hearing, and hearing by the word of God."

Romans 10:17 (NKJV)

LOMÉ, TOGO

7 – 10 February 2019

CfaN's first Great Gospel Campaign of 2019 is planned for Lomé, the capital city of Togo. This small West African nation has a population of only 6 million people, and more than 1.5 million are concentrated in the greater Lomé area, making this an ideal place to have the greatest impact with the Gospel in this fast-growing country.

STRONGHOLDS OF RELIGION

Animism or fetishism is practiced by a large number of Togolese – even those converted to other religions such as Islam and

Christianity. About half the population is Animist, 10% identify as Muslim, and about 30% are Christian. Only 10% of the population is Protestant. This is an area where witchcraft still has a strong hold on many.

INDUSTRY

Agriculture is the backbone of the economy, and Togo is generally self-sufficient in food production. Mining is also important, as Togo has the fourth biggest phosphate reserves in the world. Most of the population (65%) lives rurally, in villages dedicated to agriculture and livestock breeding.

Will you stand with us in Lomé?

As we stand at the starting line of 2019, we know that we're not running this race alone. Partners like you make it possible for us to go, go, GO to the nations. Will you help us to meet the costs and challenges of our Gospel Campaign in Lomé? Every single donation is precious to us, and every single prayer.
